# COMPANY PROFILE

**Guangzhou Baoli Animation Technology Co., Ltd.** is an amusement equipment manufacturer integrating R&D, design, production, installation, operation and training. The company is located in Panyu District, Guangzhou City, Guangdong Province, close to Guangzhou South Station and has very convenient transportation. Baoli Animation covers an area of 15 acres, has a modern office building and production base, equipped with advanced production facilities and technical forces to ensure that each amusement equipment can meet the highest quality standards. After 20 years of deep cultivation in the industry, it has accumulated rich industry experience and a good market reputation.

Baoli Animation focuses on the research and development and innovation of non-powered amusement equipment, among which high-end naughty castles, rock climbing, aerial adventure (high-altitude expansion), trampoline parks, trendy sports halls, wisdom and courage barriers, and climbing facilities are our company's hot-selling products. We continue to innovate to meet the diverse needs of customers. Products are not only sold all over the country, but also exported to more than 30 countries and regions such as Europe, America, and Southeast Asia.

# OUR SERVICES

## IP customization

IP customization refers to the customized design and manufacture of amusement equipment with specific intellectual property (IP) according to the needs and requirements of customers.

## Full-case customization

Provide comprehensive amusement equipment design services, including concept design, layout design, art design, equipment selection, and safety considerations.

## Space decoration

In addition to the amusement equipment itself, the company also offers space decoration design services related to amusement equipment, including design, decoration, and planning.

## Manufacturing and Sales

With advanced production equipment and a technical team, we are able to undertake the manufacturing and sales services of amusement equipment to achieve the highest quality standards.

## Installation and construction

Provide professional installation and construction services for amusement equipment, including on-site measurement, foundation construction, and equipment installation.

## After-sales support

Focus on after-sales service with long-term follow-up, providing support for equipment maintenance, annual inspections, and upgrades.

## Operational support

Provide operational training and operation manuals, and output long-term operational talents to help maintain profitability.

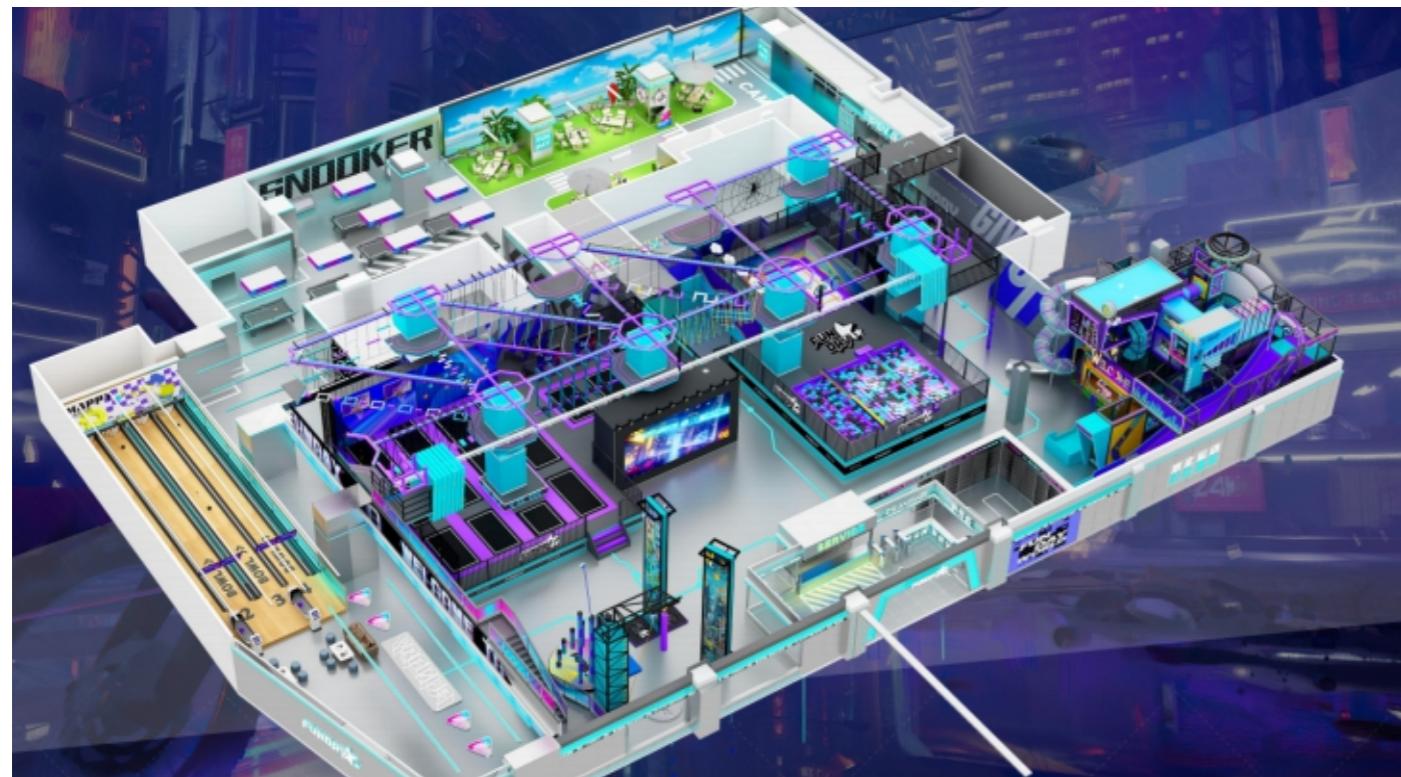

# TRENDY PLAY SPORTS HALL

The Trendy Sports Center is a new concept indoor park with full-scene, immersive, and pan-entertainment features. It is a new coordinate that integrates sports, entertainment, and social interaction. According to the tourists' trendy play and check-in preferences, 50+ experience projects are created in six areas: adventure challenge area, digital sports area, carnival party area, light sports area, exciting sports area, and energy replenishment area, covering the play and healthy consumption needs of all age groups.

# ADVENTURE TOWER

## Interactive Aerial Adventure Park

Adventure Tower Shape: The Adventure Tower project adopts the crystal structure design concept. It sets and builds various obstacles of different difficulty, style and super excitement between steel or wooden columns. This design not only increases the stability of the equipment and ensures the practicality of the customer's use of the site, but also sets up a viewing platform according to the structure, which can reach 80-200 square meters and can be used for leisure and rest areas such as catering, leisure bars, coffee bars, and bars. The platform is supported by a connecting rod under the suspended frame, and each platform can carry 30-80 people.

The Adventure Tower project fully considers the participation needs of healthy people and physically disabled people, and adopts a barrier-free continuous protection system design, so that different groups have the opportunity to participate, becoming an ideal place for individuals, groups or families to experience excitement and thrills.

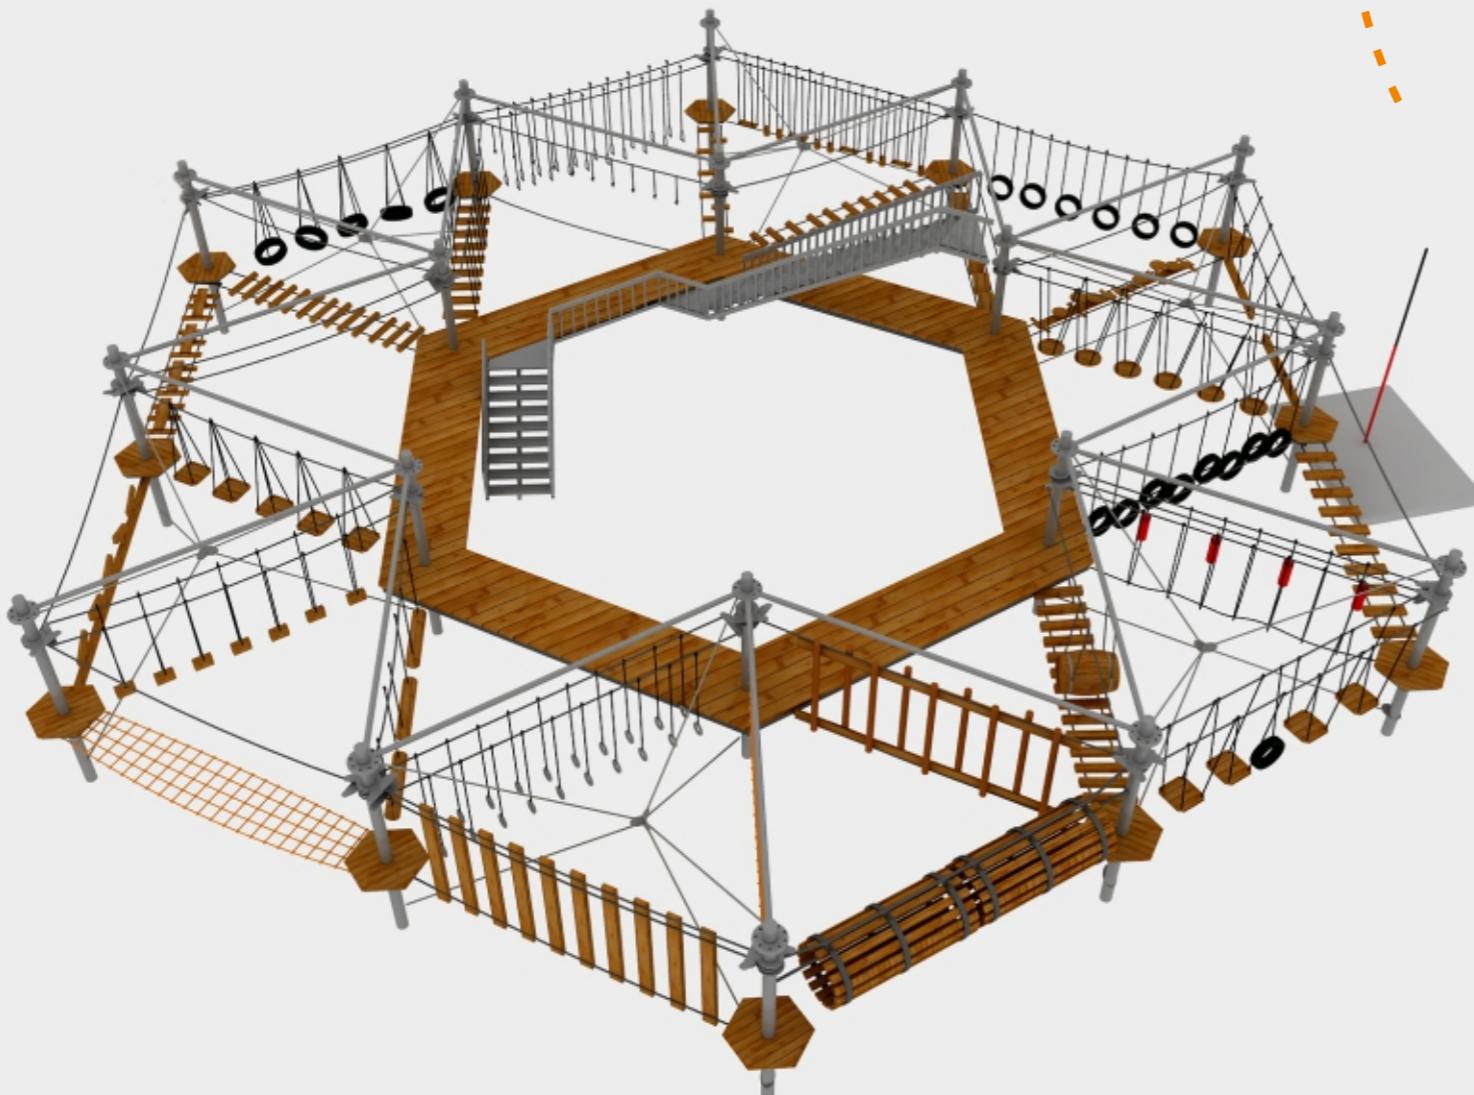

# Safe Adventure

BLEE

1<sup>st</sup>

For children and teenagers, the trail is relatively flat and the difficulty coefficient is low, which can inspire children's courage to take risks and satisfy their desire to explore.

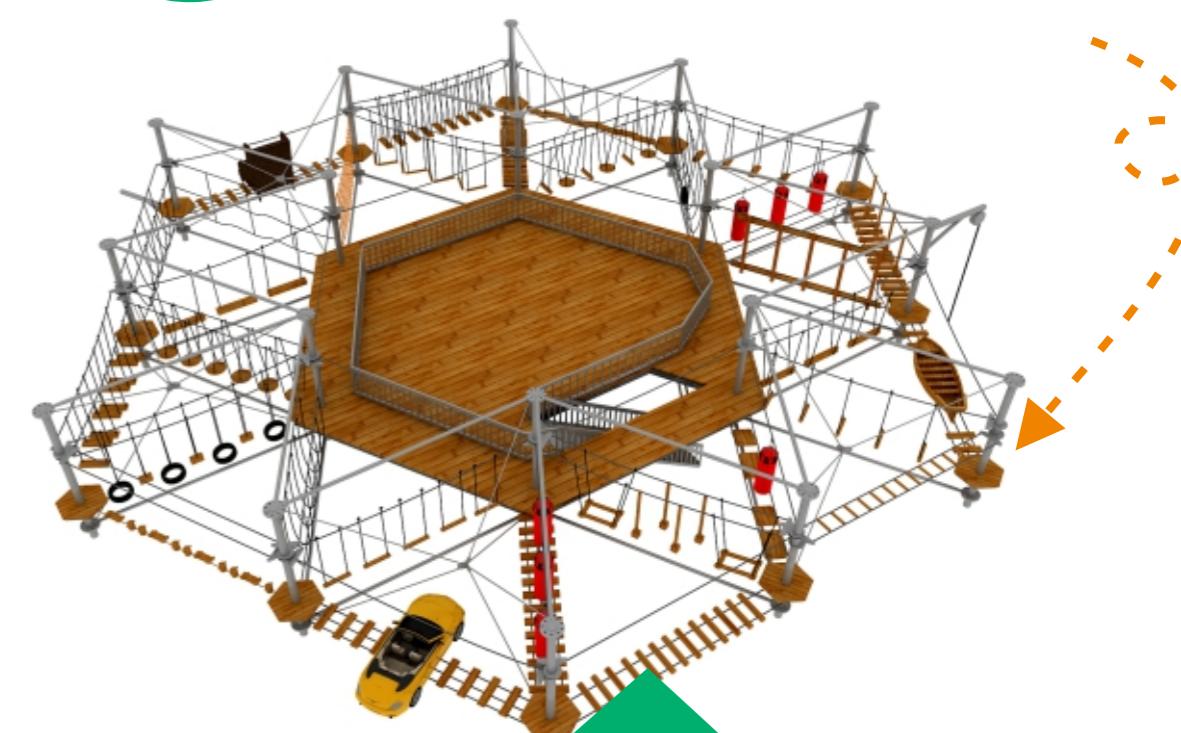

3<sup>rd</sup>

The challenge floor has the highest degree of difficulty. The large platform in the middle can be used for PK competitions, corporate team building, KTV, birthday parties and other activities. This integrates parent-child entertainment, gatherings and other theme activities.

2<sup>nd</sup>

For adults, the trails are thrilling, there are many obstacles, and the difficulty coefficient is relatively high. It is suitable for adult adventures, friendly PK, etc.

# Safe Adventure

## Exploration Tower

### Project Introduction

The Adventure Tower is an amazing three-dimensional complex that brings together all sorts of outdoor fun like rock climbing, zip-lining, and more. It's well-known for its cool sports and amusement gear. This park isn't just a spot for taking in the views; it also combines fitness, nature education, and entertainment all in one place. Spanning 1,200 square meters and standing 5 meters tall, the tower features a unique crystal design and includes 3-4 levels of expansion, creating an aerial adventure route that stretches over 500 meters to a kilometer. With 100 different activities available, the tower can accommodate 100-200 visitors at once, giving everyone a chance to challenge themselves and enjoy the thrill of climbing, speed skating, and zip-lining—all while soaking up the beautiful scenery along the way.

The Adventure Tower is designed with people in mind, focusing on safety and a great experience. Plus, it's super flexible and can be customized based on the needs of the area or the visitors. Each column is part of the crystal structure, allowing for endless combinations to suit customer preferences. This design not only boosts the stability of the equipment but also maximizes how well the site can be used.

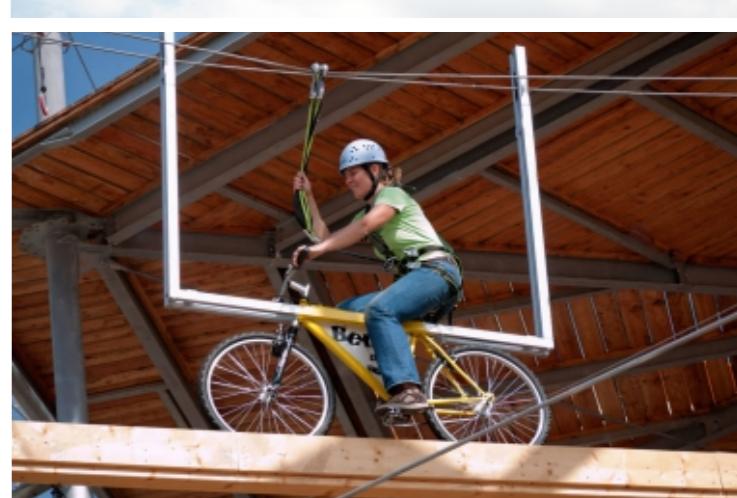

The Diamond Tower is perfect for thrill-seekers who love pushing their limits. It's also great for families and companies looking to build teamwork, enhance leadership skills, and strengthen relationships within the team. Here, visitors can dive into thrilling experiences while achieving team-building goals and improving connections among colleagues. The Diamond Tower truly is a playground for anyone looking to escape their worries, have fun, and just let loose!
